TPATH in April

It’s been a busy and successful month for TPATH members. Members wrote 7 scientific articles, 2 organizational reports, won 2 awards, and were nominated for another. On top of the regular contents, this month we will be including Coronavirus (COVID-19) information in the newsletter. This will include news articles, member blogs, videos, and mutual aid resources. We’ll put this towards the end of the newsletter so folks can skip it if they prefer.

We’re also happy to announce the creation of TPATH movie nights starting on April 3rd at 7pm EDT. We will be watching Shinjuku Boys using Two Seven. Please download their Chrome or Firefox browser app ahead of time and check out our Facebook Group or contact us for the link and information on future movies.
