TPATH in August

It’s been another great month for TPATHers. All in all we’re responsible for 1 scientific article and 2 books! Our Facebook group has zoomed to almost 950 members and we’re now busy planning out first conference on transgender health, tentatively scheduled for February 2021 (to be held online). If you have skills in fundraising and/or conference organizing and would like to lend a hand in this or any other area please get in touch.

Please also let us know if you see any errors, or have news, job postings, recent publications, and anything else you'd like to see here. You can find job postings, resources, activism, and publications in the member resources section of the website.
