TPATH in September

Please let us know if you have news, job postings, recent publications, or anything else you’d like to see here. You can find current job postings, member activism, and previous publications by members on the member resources section of the website. Also take 3 or 4 minutes to fill out our survey, which will help us to understand who you are, where you’re from, and what you would like to see us do. Your responses will be confidential and only seen by the Leadership Team, though we may report some aggregated data, like country of origin, on the website. Please only fill it out once and send us an email if you have any questions or concerns.

Social Media
TPATH has a Google Listserv, website forums, and a very active Facebook group that has over 700 members! All groups require individual registration and are only open to trans and/or intersex identified folks. Please feel welcome to add friends and co-workers to the Facebook group, but remind them to answer the membership questions.

Volunteering
Let us know if you are interested in volunteering or collaborating with us on these or other projects.

Leadership
We are actively recruiting folks from the Global South to take on leadership roles. Commitment is flexible and takes place primarily online with leadership meetings via Skype every 2 months.

Blog Posts
TPATH has a blog! Right now we mostly use it for expressions of solidarity and announcements. We’d love to make it available to folks that want to write posts about their experiences with and as trans healthcare providers. Please get a hold of us if you’re interested in writing something.

Member News

Activism
★ Permanent residents of the US should consider sponsoring a Latin American trans asylum seeker. To learn more please visit the Santa Fe Dreamers Project or fill out an application.

What’s up with the PATHs?
Please let us know if you’re having trouble getting access to the WPATH or USPATH listservs. If you are a member of these organizations you are entitled to this and we’re happy to help you with this.

CPATH
CPATH has just released their long awaited ethical guidelines for research on transgender health. They’re available in French and English.

WPATH
WPATH is soliciting applications for 5 small grants for research projects ($5000). The deadline is Sep 30th, 2019. An astute reader will notice that you are expected to present your findings at the next WPATH conference, which is identified as taking place in Fall 2020.
